

How our writing service works

1. Complete our Order Form

[How many pages should my order be?](#)

A general double-spaced page usually contains 275 words. Depending on the type of spacing you need, you can calculate the amount of pages as 275 words per each double-spaced page or 550 word for each single-spaced page.

[What deadline should I choose?](#)

We recommend that you choose a deadline a bit shorter than when you need the paper, so that in case any revisions are needed, the writer has enough time to make the changes.

[Do I have to pay before I get my paper?](#)

Yes, our custom writing services are prepaid and the writers start working on orders only after we receive the payment and process your order details.

[Can I trust you?](#)

- Fill in the form (note that it will not be possible to edit the submitted information later)
- Your account at OzWritingEssay.com will be automatically created if this is your first order. A confirmation email will arrive shortly after you have provided the necessary details for your order
- Enter your discount code if you have one (it is only possible to do so before the form is submitted)

2. Pay for the Order

[What's included in the price?](#)

Even though you only pay for the completed pages, your order also comes completely formatted with a title and reference page, after a plagiarism check and with free delivery directly to your email upon request.

[Can I get a discount?](#)

Sure! For starters, you get 5% off on the first order. Additionally, you can save by using our special offer sent via email and paying with bonuses you may get from orders you've placed before.

[What type of cards do you accept?](#)

- Visa, MasterCard, AmEx and Discover are accepted
- A secure online payment system processes your payment

3. Follow the Progress

[Who will complete my assignment?](#)

Depending on your subject and academic level, our quality assurance department will find the best suitable writer for your order. We have the writers working all over the world, so you can even request your paper to be written in American or British English.

[Can I send a message to my writer?](#)

For sure! Once a writer is assigned, you can communicate directly with him/her through the message system in your control panel.

[I have some files for the writer. How do I send them?](#)

- Provide additional documents (if necessary)
- Communicate with Customer Support Representatives or with the writer
- Wait until your paper is ready

4. Receive your Paper

How will I receive my order?

When the writer uploads the first version of the paper for you, you will receive its preview.

What does a preview mean?

The preview is a picture version of your paper. After approval, the final editable version will be available for download.

How can I ask for a revision?

You can send your paper back for a revision by contacting support or through the “Send for Revision” button on the order page. Make sure to explain in detail what needs to be changed.

Is my paper original?

Yes, our writers complete all papers from scratch. To make sure of that, we check all of them through several plagiarism systems before sending over to you.

Do you check with TurnItIn?

No, we don't because as soon as a paper is checked with TurnItIn, it is stored in the database and will show up as 100% plagiarized after the next scan. We use WebCheck as our main plagiarism detection system.

- Preview your finished paper in .jpg format
- Approve and download your order in .doc format or
- Send for a free revision
